Experience

The Truth India

Worked with The Truth India as a graphics designer and video editor. One of the biggest media company of North East India. Created 100+ reels with in 3 months.

MediaTube

Worked as a graphics designer, video editor and social media manager in a social media marketing agency of Assam.

Pixel

I started a Assamese meme page on December 2022 and with in 1st week it crossed 1 million account reach, 10k followers in 3 months over 35k followers & 17 million account reach in 7 months... latter due to some technical issues I sold that page.

Coding

I have been curious about computer science and tech since childhood. Web developer with a passion for building dynamic experience. From React/NextJS to FireBase. Check out my coding portfolio
